PROFILE

As a software engineer with 2 years of experience, I specialize in US Healthcare data and in transforming complex data sets into actionable insights that drive strategic decision-making. Proficient in tools such as SQL, Python and Excel, I excel in data visualization, statistical analysis, and predictive modeling. My background includes working on cross-functional teams to develop data-driven solutions, streamline processes, and improve business outcomes.

WORK EXPERIENCE

Infinite Computer Solutions

2024-02 to Present
